Main Street Revival in Roxbury Township, Morris County!

Three businesses find a new home for their offices in renovated historic building at 109 Main Street, Succasunna, NJ

(Succasunna, New Jersey) – We are excited to announce the launching of a new business in town, **Main Street Custom Homes & Remodeling** (MSCHR), which moved into the second floor of the recently restored 117 year old Carriage House at 109 Main Street in Succasunna this month and are proud to call this space its "home." Joining them on the first floor of the Carriage House, **Edward Jones** relocated their Succasunna branch into this new space in May as well. Additionally, **Elite Real Estate Brokerage, LLC** (Elite Real Estate) recently hung up its shingle in the Main House at 109 Main Street, which is also occupied by **Home Instead Senior Care of Morris & Passaic Counties**. **Professional office space is still available on the first floor** of the Main House building and ready for immediate occupancy. Call 973-998-7300 for additional details about rental opportunities at 109 Main Street, Succasunna!

MSCHR is a family operated company, run by father and son team Daniel & Donald Dyrness, who share a long history of designing and building custom single-family homes, major additions/renovations and light commercial projects together. Their combined backgrounds add up to over 70 years of construction experience in northwest NJ. Now a third generation family tradition, the Dyrnesses bring a reputation for excellence, style, and value - setting the pace for affordable luxury. It is their continuing goal to provide exceptional customer service and quality craftsmanship in every project they design and build.

Edward Jones will be hosting a **Grand Opening Celebration on Tuesday, June 6, 2017 at 3:00 PM to 6:00 PM** at their new offices located at **109 Main Street, Suite 5, Succasunna, NJ 07876**. Please RSVP by June 2nd via phone 973-927-5334 or email becky.rasmussen@EdwardJones.com.

"Our new location was an easy choice; a gorgeous, recently restored historic building in the heart of Main Street with a great landlord," stated Seretis who is also in the process of restoring his family's historic diner, Tom's Diner. See www.restoretomsdiner.com for more information.

The 109 Main Street building has been a Succasunna landmark since it was built in 1900 at the intersection of Main Street and Hillside Avenue. Originally built as an office and family residence for the only practicing physician in town at the time, the property also included a carriage house, used for the family horse, carriage and feed. In 2009, the Main House was renovated into premium office space with the goal of preserving many of the historic design details of the original structure. The renovation of the Carriage House was completed in 2017 to house the MSCHR and Edward Jones businesses, transforming the barn into beautifully appointed office spaces while retaining much of the building's charm. Today 109 Main Street remains a focal point of the town, a reflection of yesteryear with its park-like property, at the same time accommodating the needs of today's professionals in a fully modernized, energy efficient office building.
